A tool to make meeting easier
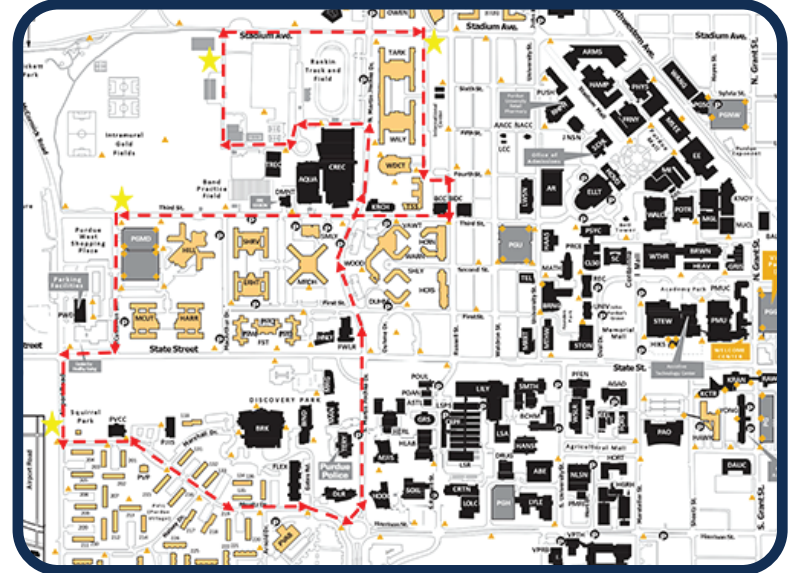

By Rishi Chillara
Mentor: Nalin Ahuja

Inspiration

- Everyone would be all around campus at different times
- No Consensus on where to eat/hang out/study
- People are Lazy / Want to walk the least possible

Purdue is Big!

Too Much Walking!

The Idea

A Web App that would find the best place to meet!

- Create Circles with your friends

- Based on Closest Distance to Everyone

- Able to choose what you want to do
  - have fun!
  - study ☹
  - eat!

Windsor or Earhart?

Krach or Walc?

There are too many choices!
